

QualityTrim

Trimmable-End Floor Trusses

from

Quality Truss, LLC

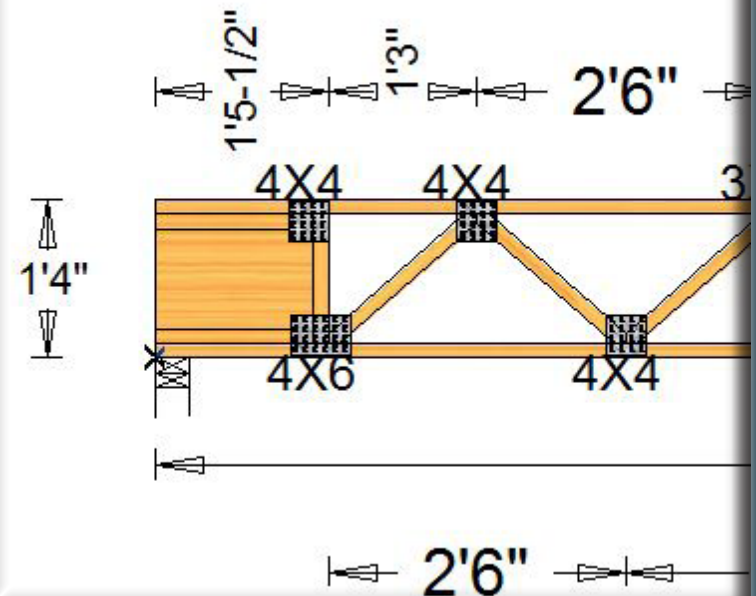

Ruston, Louisiana

139 UPS Rd. Ruston, LA
(318)255-5959

What is QualityTrim?

QualityTrim is the line of trimmable-end floor trusses from Quality Truss. Combining convenience with the outstanding structural integrity of Quality Truss engineered wood products, QualityTrim trusses allow you to buy now and customize later.

Benefits of Trimmable-End Floor Trusses

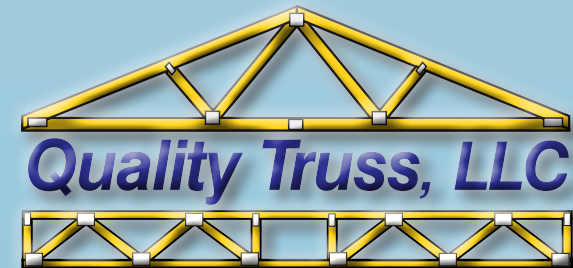

- No need to order weeks ahead; order trusses and then customize on the job site
- Trimmable ends allow customization for difficult areas such as rounded walls
- Combines the flexibility of dimensional lumber with the engineered quality of floor trusses
- Trimmable ends allow room for foundation or framing inconsistency

- Available in 1 foot increments from lengths of 14' to 24'
- Additional lengths available upon request
- Available depths are 16" and 18"
